F R O S T

FROST means a solid moment that captured and crystallized into a magnificent “snowflake”.

Our experiences, from handling hundreds of events in more than 12 years, make us having a strong sense of event and being one of the top event designer, especially in Surabaya.

We design your “ once-in-a-lifetime ” moment professionally in every detail, because your satisfaction is our main priority.

A high-angle photograph of a bride and groom walking down a church aisle. The groom is on the left, wearing a light-colored suit and a dark tie, looking towards the bride. The bride is on the right, wearing a white wedding dress with a long train and a large bouquet of flowers. They are both smiling and looking at each other. The aisle is lined with wooden pews, and the floor is light-colored. The text "Together with you, is my favourite place to be" is overlaid in the center of the image, flanked by two thin horizontal lines.

“Together with you,
is my favourite place to be”
